**WWW?**

**2.0**

- Actsafe is an advisor, trainer and educator.
- We are all in different boats, but the same storm!

Stay tuned to your local authorities for direction.

Last week on WWWD....

## Employers:

WCA Part 2 Division 8:

56 Installation and maintenance of required first aid equipment

If an employer fails, neglects or refuses to install or maintain first aid equipment or service required by regulation or order, the Board may do some stuff to make them uncomfortable...

## On Behalf of Employers:

Occupational Health and Safety Regulation Part 3

3.16 Basic Requirements (summarized)

Employer must provide equipment, supplies, facilities, first aid attendants and services adequate and appropriate for promptly rendering first aid to workers

To comply with above, the employer must conduct an assessment at least annually or when significant changes to operations (details of assessment in regulation)

Does this apply to me?

Where do I get support?

Does person or group you report to understand their responsibilities?

How can we keep it simple?
