

Keep An Eye

...ON YOUR WORK

Work related eye injuries affect more than 2500 workers in BC every year.

CHOOSE THE RIGHT PROTECTION FOR THE JOB:

- ★ When working around particles, flying objects, or dust, wear **SAFETY GLASSES** with side protection.
- ★ When working with chemicals, wear **GOGGLES**.
- ★ Wear a **FACE SHIELD** over your safety glasses or goggles when the hazard is more severe.

Proper eye protection will decrease your chances of eye injury by 90%.
